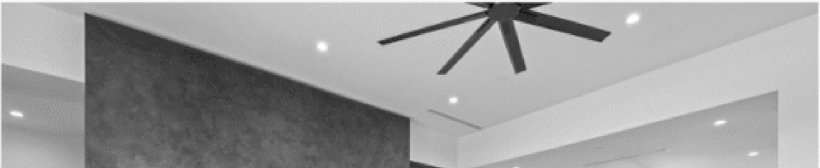
BANDD DESIGN



At BANDD/DESIGN, they believe that design should feel effortless, interesting, and purposeful. **High-quality, approachable design** is the driving force behind everything BANDD touches. Sara Malek Barney is the mastermind behind the BANDD. Since its establishment in 2017, BANDD/DESIGN has successfully executed over 130 **residential projects**, many of which have been recognized, won prestigious awards, and been published around the world.

Beata Heuman

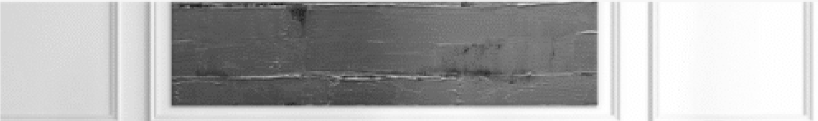
Beata Heuman Ltd is known for its playful, original work characterised by a Scandinavian attention to detail and longevity. The studio takes a fully immersive approach – designing all aspects of **interior architecture and loose furnishings**. Aside from residential work, the studio has designed a number of commercial spaces including three of Farm Girl Cafe's London outposts, as well as a surreal, Egyptian Revival themed space for the VIP lounge at 2018's Decorex International and an auction **catalogue** and set for Christie's.

Belotto Design

MARCO BELOTTO
BELOTTO DESIGN

Original, thoughtful and **modern projects** with passion for design. **Current trends** in line with the expectations of customers is what Belotto Design is always going for. They create arrangements with the motto of F.L.Wright saying that "Space is the breath of art".

Ben Soleimani



Ben Soleimani is nothing short of a visionary. Coming from four generations of rug purveyors, he developed his love and expertise of texture and learned how to utilize it to unparalleled effect in his **coveted designs**. An urban developer as well, Soleimani is widely known for the Melrose High Street project, which is now a world renown haven for the most **unique and innovative brands**. Soleimani is finally turning his passion, unique expertise and perspective to his own brand. Ben Soleimani's eponymous line is founded with the mission: Provide luxury for your home without compromising quality thus forever changing how people design and **shop for their homes**.

Anouska Hempel Design

The savant of the visual, **Anouska Hempel** is revered across the world for her originality and for her influence. This is a designer who sees everything, and instinctively understands it. Wherever the trade routes have passed or the trade winds have blown – that's her territory and at once you are thrown into a throng of creativity that is impelled to take every realm of design to more thrilling and higher heights.

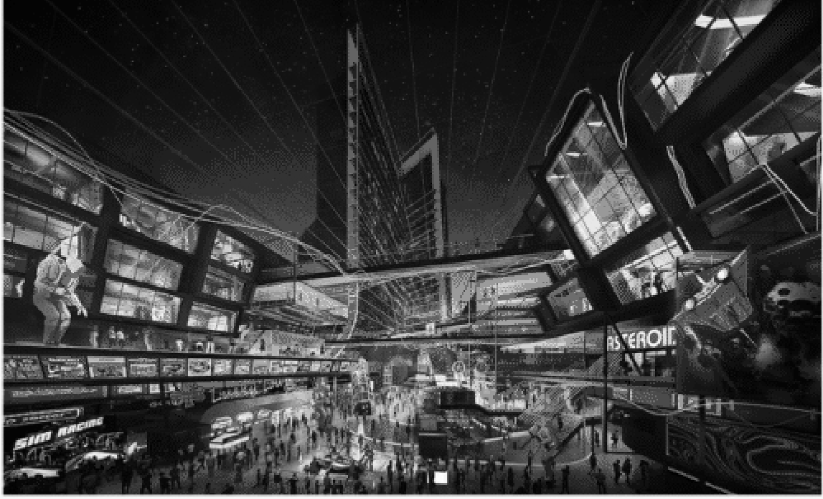
A+I New York

A+I is a full service **architecture and design firm** based in New York City. They design more than just the physical environment. They integrate strategies, architecture, and experiences to make space for people to do remarkable things. They thrive by exploring all possibilities within a program, from a large tech workplace to a retail pop-up, a bank to a schoolhouse. They create integrated experiences that are specific and tailored to the client's needs.

Diller Scofidio + Renfro

Founded in 1981, Diller Scofidio + Renfro (DS+R) is a **design studio** whose practice spans the fields of architecture, urban design, installation art, multi-media performance, digital media, and print. With a focus on cultural and civic projects, DS+R's work addresses the changing role of institutions and the future of cities. The studio is based in New York and is comprised of over 100 architects, designers, artists and researchers, led by four partners—Elizabeth Diller, Ricardo Scofidio, Charles Renfro and Benjamin Gilmartin.

Gensler



SIM RACING
ASTEROID

Gensler is a global **architecture, design, and planning firm** with 49 locations across Asia, Europe, Australia, the Middle East, and the Americas. Founded in 1965, the firm serves more than 3,500 active clients in virtually every industry. Guided by determined optimism, they believe the **power of design** can spark positive change and create a future that promotes equity, resilience, and wellbeing for everyone.

Handel Architects NY

Handel Architects was founded in 1994 with a commitment to making cities better places to live. They believe that **architecture and design matter**, and that through their work, they can make a positive difference in the world. They strive to create buildings that are not just things in themselves, but serve as catalysts for positive urban and social change.

HOK Los Angeles

HOK is a global design, architecture, engineering and planning firm. Their 1,600 people collaborate across a network of 23 offices on three continents. HOK designs buildings and spaces that respond to the needs of people and the environment. Their **designers** are rooted in technical excellence, driven by imagination and focused on a solitary goal: to deliver solutions that inspire clients and communities.
