

# JIMMY MISTRY

## THE SOCIAL ENTREPRENEUR

Jimmy Mistry is an Indian entrepreneur, designer, real-estate developer, hotelier, and philanthropist, successfully operating seven businesses under the Della Group. The business maverick, hotelier, developer and adventure enthusiast is widely known for his design and architectural marvels. Jimmy through his human-centric and immersive design approach has worked for numerous business families and stalwarts of corporate India for 25 Years. His creativity has translated from Corporate Head-Quarters to luxury second homes, creating residential landmark structures inspired by Persian Architecture or Spain's renowned Antoni Gaudi, Tv & Radio Studios to re-designing the prestigious M/y Kalizma yacht once owned by Richard Burton and Elizabeth Taylor.

After 2 Decades and 1500 employees, Jimmy still believes Leaders are Lonely at the top which brought him to set up his latest Social Enterprise – Della Leaders Club [DLC]. From Business to Lifestyle, DLC is the World's 1st Platform that caters to Entrepreneurs, Professional and Young Leaders' day-to-day needs, today in 15 Chapter cities with expansion plans to 120 in 5 years. Through shared knowledge, Forums, 54 Social Impact causes, curated events and first-degree connections to eminent men & women globally, DLC aims to transform a leader from a Life of Success to a Life of Significance. With 26 Committees (13 Business, 13 Lifestyle) it's

the first time, a global business club has verticals exclusively for designers, architects, visual artists, consultants, media professionals and others from the design space to be able to interact and associate with leaders & entrepreneurs from across the globe.

Jimmy and his team have managed to bring in over 2500 incredible honorary committee members such as the design giant, Thomas Heatherwick who designed 'The Vessel' in New York, Olympic Cauldron Flame for Danny Boyle and now the Chair for DLC Global Design Committee. The other Hon. Committee Members include James Law (Hong Kong), Daniel Hopwood (London), Bill Bensley (Bangkok), Paul Bishop (Dubai), Sussanne Khan (Mumbai) and many more. Other Committee members from Fashion & Visual Arts include UN Ambassador Indrani Pal Chaudhuri (New York), Karan Johar, Artist Emmanuele Dascanio (Italy), Falguni & Shane Peacock to name a few.

While his design-thinking approach might be at the core of a tech platform that has gained momentum across geographies globally launch after launch, but what actually keeps Jimmy going is the ability to cause social impact at such a large scale by bringing the world's best thinking brains to contribute their knowledge and domain expertise for the betterment of humanity.
